Triterra is a professional environmental consulting firm specializing in brownfield development, environmental consulting, and natural resource management services. Our staff is committed to providing practical environmental solutions through a creative process that incorporates integrity, innovation, and responsiveness.

## SERVICE HIGHLIGHT

### NATURAL RESOURCE MANAGEMENT SERVICES

Triterra recognizes the importance of the sustainable management of our natural resources and provides practical and creative solutions to improve and enhance restoration projects. Our diverse staff works to efficiently resolve issues in which development interests and natural resources may stand in conflict, while utilizing a comprehensive approach to assist clients through extensive and often daunting regulations. In many cases, these services are provided as an extension of our Brownfield, Environmental Due Diligence, and/or Investigation & Remediation Services.

If you have questions or are in need of any of our services listed below, please reach out to Meredith Crane our Director of Natural Resource Services at: [meredeth.crane@triterra.us](mailto:meredeth.crane@triterra.us)

## MEET THE STAFF

**CONNOR ZOOK**

Connor Zook is a Brownfield Consultant at Triterra, where he plays a crucial role in identifying and securing incentives for developers redeveloping brownfield sites across the state. Connor joined Triterra in 2021 as an Environmental Scientist, providing him with a strong foundation in understanding the environmental complexities of brownfield redevelopment and rehabilitation.

When asked about his favorite part of working at Triterra, Connor shared, "There are so many things that I like about working at Triterra. If I had to pick just one, I would say the team/family atmosphere. We're all in this boat together."

Values of creativity, curiosity, determination, and humor drive Connor. Outside work, he enjoys spending time back home (up north) relaxing or competing in various sports, including pickleball, disc golf, volleyball, and basketball.

Favorite quote: "Judge a man by his questions rather than his answers."
