

# THE LEAF

2ND QUARTER 2025

CREATING HEALTHIER COMMUNITIES

## TRITERRA'S QUIET ROLE IN LANSING'S TRANSFORMATION

While we are usually more of the “behind the scenes” type of business, we’re proud of the work we’ve done to support the growth and revitalization of the Greater Lansing area over the years. Some of our projects have already become staples in the local landscape, such as Provident Place, The Venue, the Red Cedar Development, and the HUB of East Lansing. We’ve also had the opportunity to work on spaces that strengthen neighborhoods, support affordable housing options, and senior living needs, such as the Allen Neighborhood Center and the Stadium North Lofts and Senior Lofts. More recently, we’ve lent our expertise to support projects including 220 Kalamazoo Street, the MSU Research Foundation Innovation Center, TechSmith Headquarters, the former McLaren Greenlawn and South Pennsylvania Campuses. Looking ahead, we’re honored to be part of several exciting ventures that will continue to shape the region, including The Residences at Walter French, Ovation, and the Spartan Gateway District, which features a new 6,000-seat arena. At Triterra, we view every project as more than just a job site; it’s an opportunity to support sustainable development and contribute to the long-term success of our region. We’re grateful to be a trusted partner on these projects and look forward to continuing our work in mid-Michigan and beyond!

EINKEY

2 JESSICA  
MEISTER

2 CASEY  
HEATH

2 BRYAN  
CRANDALL

1 CHASE  
COVELLO

1 JAKE  
TRUDEAU

1 SHAWN  
SHADLEY

## MEET THE STAFF

**BROOKE**

Meet Brooke Ellsworth, an Accounting Specialist at Triterra. Brooke is an integral part of our finance team, supporting our Billing Managers by processing client invoices and helping onboard new team members with our billing procedures. She also manages aging accounts and collections, making sure payments stay on track and follow-ups are timely and efficient. Brooke originally joined Triterra as an Executive Assistant and, after some time away, returned to take on her current role. Drawn back by the company's mission and the genuine culture she values so deeply. "Without question, it's the people," she says of her favorite part about working at Triterra. "The support and authenticity here are unmatched." Guided by values like integrity, compassion, creativity, and respect, she believes in doing what's right, even when no one's watching, and approaches both people and processes with genuine care. When she's not crunching numbers, you'll likely find her outdoors, painting, gardening, or biking with her dog by her side. She's also a lover of engines and open roads, and a firm believer in celebrating our differences—a truth reflected in her favorite quote by Audre Lorde. "It is not our differences that divide us. It is our inability to recognize, accept, and celebrate those differences."
