TRITERRA NAMED TO 2021 INC. 5000 LIST OF AMERICA'S FASTEST-GROWING PRIVATE COMPANIES

LANSING, MI – September 2021: Triterra, a Michigan-based environmental consulting firm, has been recognized on the annual Inc. 5000 list, the most prestigious ranking of the fastest-growing private companies in the United States. The Inc. 5000 represents a unique look at the most successful companies within the American economy's most dynamic segment - independent small businesses. Triterra joins other well-known companies including Intuit, Zappos, Under Armour, Microsoft, Patagonia, and others, who gained their first national exposure as honorees on the Inc. 5000.

"We are excited to be recognized by Inc. as one of the fastest-growing companies in the US," said Don McNabb, CEO, Visionary, and co-founder of Triterra. "As the environmental consulting industry expands, we grow with it. We are investing in our people, technology, and expansion initiatives to ensure that our clients are able to achieve their goals."

The 2021 Inc. 5000 is ranked according to percentage revenue growth when comparing 2017 and 2020. During this period, Triterra's revenue increased by 61%. "The 2021 Inc. 5000 list feels like one of the most important rosters of companies ever compiled," says Scott Omelianuk, editor-in-chief of Inc. "Building one of the fastest-growing companies in America in any year is a remarkable achievement. Building one in the crisis we've lived through is just plain amazing. This kind of accomplishment comes with hard work, smart pivots, great leadership, and the help of a whole lot of people."

Complete results of the Inc. 5000, including company profiles and an interactive database that can be sorted by industry, region, and other criteria, can be found at www.inc.com/inc5000. The top 500 companies are featured in the September issue of Inc.
