MEET ERIKA REAGAN

As the CRM & Project Coordinator at Triterra, Erika's responsibilities come into play once our project managers secure an authorized contract for a project. Erika utilizes our company's software program to input client and project data keeping our company database up to date. As a relatively new role, she is enthusiastic about developing it. Erika graduated from CMU in 2000 and brings a diverse background, having run an after-school program, taught preschool, handled administrative duties at a mechanical engineering company, and officiated cheerleading competitions. She attributes these experiences to shaping her into the detail-oriented, organized, and passionate employee she is today. Joining Triterra in the fall of 2021, even with the company's growth, Erika notes that it still operates like a close-knit family, and she values creating strong relationships with staff. Erika expresses gratitude for our three owners and the EOS business model that guides the company. The values that drive Erika are professional presence, empathy, kindness, honesty, and loyalty. Beyond her professional commitments, she finds joy in spending time with her four children and husband, watching movies, and sharing a Friday night pizza tradition after a busy week. Erika enjoys her children's sporting events, visits to her daughter at Western, her ladies' summer golf league, reading when time allows, attending bucket list concerts, and kayaking on weekends.

Favorite Quote: "I've learned that people will forget what you said, people will forget what you did, but people will never forget how you made them feel." Maya Angelou
